

STATE POLICE FINGERPRINTING LOCATIONS

If you are applying for a hazardous materials endorsement, you must be fingerprinted. You can be fingerprinted at one of the State Police locations listed below. These locations do not have parking for large commercial vehicles. Most, but not all, of these State Police locations are generally staffed during regular business hours (Monday through Friday between 9:00 AM and 5:00 PM). However, personnel assigned to any of these locations may not be available for civil fingerprinting if they are called upon to respond to a serious incident. ***Therefore, it is preferable that you call before visiting any State Police facility to ensure that a Trooper will be available to take your fingerprints.***

When you visit one of the locations listed below, you must bring your NYS driver license and the original payment receipt that you were given at a Motor Vehicles office when you applied for the hazardous materials endorsement and paid the required fees. If you do not have the original receipt, you must go to a Motor Vehicles office to get another one; you will not have to pay a fee to get another receipt.

For more information about State Police locations, visit their web site at www.troopers.state.ny.us
